PETITION UNDER 37 C.F.R. § 1.181 TO INVOKE THE SUPERVISORY
AUTHORITY OF THE COMMISSIONER

Group Director of Group 1600
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

This communication relates to an Office Action mailed on July 1, 2004, in the above-captioned case. As discussed below, the examiner has erroneously objected to an amendment to the specification which incorporates prior applications by reference.

The examiner asserts that prior applications can be incorporated by reference only via an amendment specifically referred to in a declaration executing the application. *See* Office Action, pg. 3, ¶ 3. The assertion is legally erroneous, however.

According to the MPEP §201.06(c) (page 200-25, May 2004), “[a]s a safeguard . . . an applicant may incorporate by reference the prior application by including, in the continuation or divisional application-as-filed, a statement that such specifically enumerated prior application or applications are “hereby incorporated herein by reference.” The MPEP further notes that the incorporation statement “must be included in the specification-as-filed, or transmittal letter-as-filed, or in an amendment specifically referred to in an oath or declaration executing the application.” *Id.*

In the instant case, applicants have incorporated by reference prior application Nos. 09/611,722 and 09/244,984 by including the incorporation statement in the respective transmittal letters-as-filed. *See* Transmittal letters filed July 6, 2000 and

September 24, 2001. Thus, the examiner committed a legal error by asserting that the applications were incorrectly incorporated by reference.

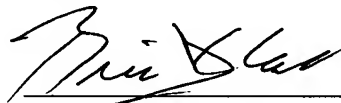

Having properly incorporated the prior applications by reference, applicants now seek to amend the specification to reflect the incorporation. As an alternative to the amendment submitted on September 24, 2001, applicants will submit the following amendment to the specification in their response to the pending office action:

At page 1, delete the paragraph beginning on line 5 and replace it with the following text:

--This application is a continuation of U.S. Serial No. 09/611,722 filed July 6, 2000, which is a divisional of U.S. Serial No. 09/244,984 filed on February 4, 1999, both of which are hereby incorporated herein by reference. U.S. Serial No. 09/244,984 claims the priority benefit of U.S. Provisional Application No. 60/117,476 filed on January 27, 1999, U.S. Provisional Application No. 60/135,499 filed on March 30, 1998, and U.S. Provisional Application No. 60/073,709 filed on February 4, 1998. --

Accordingly, applicants request the Group Director to invoke his supervisory authority, to overrule the rejection and to accept the proposed amendment.

Respectfully submitted,
